

Holland America Line
CULINARY ARTS
 CENTER FOR FOOD & WINE

A kids and teen Culinary Arts Center activity program has been introduced by Holland America Line to bring the joys of cooking to the younger set. The preparations range from simple to teen sophisticate.

The program launched in Summer 2007 on ships sailing in Alaska and incorporates dishes from breakfast, lunch, dinner and snacks in complimentary classes lasting 45 minutes each. All kids, tweens and teens are welcome to attend whether or not they are registered for the Club HAL and teens program. Teens are also welcome to attend adult culinary demonstrations.
