

## ENHANCED HEALTH PROTOCOLS

Check the list below to find out if your cruise requires Enhanced Protocols that include more extensive health regulations. If your cruise falls under any part of an Enhanced Protocol itinerary, including back-to-back cruises or Collectors' Voyages, the Enhanced Protocols apply. All guests sailing to Alaska, Canada, and Australia have additional vaccination and testing requirements; please review our [FAQs](#) for details. If your cruise is not listed or going to those destinations, please follow the Standard Protocols.

## ENHANCED HEALTH PROTOCOLS

### GENERAL ENHANCED PROTOCOLS

**VACCINATION:** All guests 18 years of age and older must be fully vaccinated. A booster dose is required for guests 18 years of age and older whose final dose of an approved/authorized COVID-19 vaccine is older than 5 months to be considered “fully vaccinated.” Only one booster dose is needed to be considered fully vaccinated. Guests under 18 do not need to be vaccinated, have a booster dose or apply for an exemption.

**TESTING:** All guests 5 years of age and older are required to take either a COVID-19 PCR test or a medically observed COVID-19 antigen test within 3 days prior to embarkation.

### CANADA ENHANCED PROTOCOLS

**VACCINATION:** All guests 12 years of age and older must be fully vaccinated. A booster dose is required for guests 18 years of age and older whose final dose of an approved/authorized COVID-19 vaccine is older than 5 months to be considered “fully vaccinated.” Only one booster dose is needed to be considered fully vaccinated.

**TESTING:** All guests 5 years of age and older are required to take either a COVID-19 PCR test within 72 hours prior to embarkation or a medically observed COVID-19 antigen test within 2 days prior to embarkation. *All Alaska and Canada cruises require testing and vaccinations; please visit our [FAQs](#) for more details.*

### AUSTRALIA ENHANCED PROTOCOLS

**VACCINATION:** All guests 12 years of age and older must be fully vaccinated. Children under 12 years of age do not need to be vaccinated. A booster dose is required for guests 18 years of age and older whose final dose of an approved/authorized COVID-19 vaccine is older than 5 months to be considered “fully vaccinated.” Only one booster dose is needed to be considered fully vaccinated.

**TESTING:** All guests 5 years of age and older are required to take either a COVID-19 PCR test within 72 hours prior to embarkation or a medically observed or self-administered at-home COVID-19 antigen test within 24 hours prior to embarkation. *All Australia cruises require testing and vaccinations.*

### STANDARD PROTOCOLS

**VACCINATION:** It is highly recommend that all guests be up-to-date on their vaccination status. Vaccinations are not required except on all cruises to Alaska, Canada and Australia.

**TESTING:** Fully vaccinated guests are not required to take a COVID-19 test prior to embarkation. Unvaccinated or partially vaccinated guests 5 years of age and older are required to take either a COVID-19 PCR test or a medically observed or self-administered at-home COVID-19 antigen test within 3 days prior to embarkation.
